ZipWall[®]

Dust Barrier System

- ***Quick & easy***
- ***Minimizes disruption***
- ***Maximizes client satisfaction***
- ***Presents a professional image***
- ***Saves time & money***

***Supports compliance with safety regulations –
EPA RRP rule and Silica Rule for Construction***

ZipWall® – The only complete dust barrier system. Spring-loaded poles create a dust barrier up to 20' high using plastic sheeting or ZipFast™ reusable panels. Entryways to the barrier are easy to add with ZipWall® zippers or the new Magnetic Door™. Sealing all sides of the barrier tightly takes seconds with FoamRail™ tapeless seals. Complete with specialty items and ready-to-use kits, the ZipWall® system provides professional contractors quick&easy dust protection solutions.

Set up a dust barrier in minutes
— no ladders, no tape, no damage!

ZIPPERS & DOORS

ZipDoor® Kits

Seal any doorway in just a minute

Quickly cover a doorway to provide an airtight seal with zippers for easy entry and exit.

- Airtight, heavy-duty zippers are preinstalled
- ZipWall® double-sided tape securely holds ZipDoor® while protecting the doorframe surface
- Flap hooks hold door open for easy access
- Save hours on jobs with numerous doors

Quick & easy to install!

Use for lead-safe work practices required by the EPA for covering doors.

Patented

Patented ZipperKnife™ sheeting cutter prevents zipper jams!

ZIPPERS & DOORS

ZipWall® Heavy-Duty Zippers

Quickly create an entryway in a plastic barrier wherever you need it

Durable self-adhesive zippers attach to plastic sheeting and specially designed ZipperKnife™ double-cuts the plastic to prevent jams.

- 7'-long, 3"-wide heavy-duty zippers withstand high traffic
- Flap hooks hold entryway open for easy access

No jams, easy access

ZipWall® Heavy-Duty Zipper 2-Pack

ZipWall® Heavy-Duty Zipper 12-Pack

Patented

ZWTM
ZipWall® Mat Starter Kit
Each unit includes one base with one 30-sheet
pad (base: 25" x 37"; mat: 24" x 36").

ZWTMR
ZipWall® Mat Refill
Each unit includes four 30-sheet refill pads
(24" x 36"; fits ZipWall® Mat base).

SPECIALTY ITEMS

ZipWall® Mat

Prevent tracking dust out of the work area

Adhesive surface captures dust on contact.

- Reusable base with non-skid vinyl backing
- Starter kit includes one adhesive pad preinstalled
- Clear disposable adhesive sheets are individually tabbed and numbered — simply peel away the top sheet to expose a new surface
- Large adhesive surface removes dust from shoes, casters, and wheels

Helps comply with lead-safe work practices required by the EPA.

DUST BARRIER KITS

ZipWall® Dust Barrier Toolkit

Arrive on the job ready to set up a dust barrier in minutes

Everything you need to create a dust barrier up to 16' wide and seal it on all four sides.

- Loaded with time-saving products that can be configured to solve most dust barrier needs
- Easy to transport in two convenient carry bags (included)
- Works with all ceiling types including drop-ceilings

No ladders, no tape, no damage

ZWTk
Plastic sheeting not included.

Each unit includes five ZipWall® 12' spring-loaded poles, six FoamRail Span™ Adjustable Tapeless Seals, one FoamRail™ Tapeless Seal 2-pack, four wall mounts, five Heads and Non-Skid Plates, five GripDisk™ Non-Slip Pads, two Floor Adaptors, one ZipWall® Heavy-Duty Zipper 2-pack, one ZipDoor® Standard Door Kit, two Edge™ Heads & Non-Skid Plates, one ZipFast™ Reusable Barrier Multi-Pack, and carry bags.

ZipFast™ Reusable Barrier Multi-Pack includes three 5' x 12' panels, one 2'6" x 12' panel, and a carry bag.

See zipwall.com/patents for patent information.

**Secures the barrier
without lifting the grid!**

SPECIALTY ITEMS

Edge™ Head & Non-Skid Plate

Ingenious solution for drop-ceilings

The specially designed head & plate holds a barrier where a drop-ceiling meets the wall without lifting the grid or tiles.

- **Uses the wall angle to secure the barrier without bending or lifting the ceiling**
- **Fits all ZipWall® spring-loaded poles**

Note: For use on the first and last poles only. Use standard head & plates for all other poles.

EPH1

Patented

TAPELESS SEAL ACCESSORIES

SideBridge™ Wall Mount

Tightly seal a barrier along a wall in seconds

Snaps onto a FoamRail Span™ and holds it against the ZipWall® pole closest to the wall to form a tight seal.

- Seals up to 8' along the wall with one FoamRail Span™
- Comes in two sizes – standard size for most jobs and a long size for walls with obstacles such as baseboard radiators or crown moldings
- Works best with ZipWall® 12 and ZipWall® 20 poles

Each unit contains two standard and two long wall mounts.

Patent pending
